

# RFT Veteran Owned

Life Safety Business

## WE WORK FOR YOU

RF Technologies, Inc. (RFT®) is a turn-key provider of life safety solutions. Founded by Army veteran and CEO, Glen Jonas, RFT is headquartered in Brookfield, WI and has been committed to keeping people safe since 1987. Glen served in the US Army from 1953-1955 in the Combat Engineering Battalion. He was based near Heidelberg, Germany and describes his service as “the greatest two years of my life.” In the years since then, Glen’s passion for helping and protecting people has only grown.

### Facilities We Help

We are dedicated to assisting veteran facilities by implementing robust life safety solutions to ensure the well-being and security of those who have served our nation.

#### VA Facilities

Dedicated to enhancing VA facilities' safety with life safety solutions, prioritizing veterans' well-being.

#### DOD Facilities

Supporting Department of Defense facilities with vital life safety solutions to ensure the security and protection of personnel.
